OSU Greek History

http://ohiounion.osu.edu/greek_life/enhance/history.asp

The Greek Community at Ohio State is virtually as old as the institution itself. Phi Gamma Delta and Phi Kappa Psi were making strong efforts to establish chapters before the original senior class graduated in 1874. The early history of Greek Life on this campus is colored with unique stories and proud traditions.

OSU Greek Speak

http://ohiounion.osu.edu/greek_life/enhance/grades/greekspeak.asp

Standards of Excellence

http://ohiounion.osu.edu/greek_life/enhance/standards.asp

The Standards of Excellence have been designed with several goals in mind: To improve the quality of the academic programs in our chapters; to enrich the diversity of the Greek community; to enhance the quality of the student experience; and to increase the level of engagement in and service to the surrounding community.

Greek organizations and Greek students are expected to comply with national/international organization policies; Interfraternity Council (IFC), Panhellenic Association (PHA), or Pan-Hellenic Council (PHC) policies; the Code of Student Conduct; and the Student Organization Code. Though the Standards of Excellence are meant to be comprehensive, they are not an exhaustive list. They do, however, supplement and augment the above-mentioned self-imposed policies of the Greek organizations.

Chapters meeting or exceeding the Standards of Excellence will likely meet or exceed requirements of their national/international organizations. The university will continue to support national/international organizations' policies that are more rigorous than those outlined in the Standards of Excellence.

Chapter Information

http://ohiounion.osu.edu/greek_life/chapters.asp

Since Ohio State was founded in the late 1800s, there were few years where fraternity and sorority life was not a part of this university. A tradition as rich as Greek Life offers students an opportunity to experience leadership development, to serve the local Columbus and campus community, network with local alumni to form career connections during college and after graduation, and make lifelong friendships, among many others. In addition, at Ohio State as well as nationally, involvement in fraternities and sororities increases students' chances of graduating from college, as well as enhances their success in the classroom.

Academics

We envision organizations that support and encourage individuals to achieve their personal academic best while collectively achieving an overall Greek Grade Point Average that consistently exceeds the all-undergraduate average.

- Greek Life Task Force Goals

Greek Grade Reporting (Fall 2001 – the present)

http://ohiounion.osu.edu/greek_life/enhance/grades.asp

Scholarship in Programming

- Scholarship in Chapter Meetings
- Sit in scholastic order once a month
- Order a vocabulary word of the week (place in on bathroom doors, etc.)
- Give reminders of final course drop dates, early registration, and such.
- Ask members to answer to roll call with the number of classes they cut the previous week (make a mental note of those who cut and talk to them privately)
- Announce job offers, admission into graduate schools, Who's Who, Mortar Board, Phi Beta Kappa, honoraries (sneak into the chapter room early and decorate the member's chair with balloons and streamers).

Scholarship in Recruitment

- Display your scholarship trophies.
- Display graphs of chapter scholastic progress.
- Display bulletin boards with scholastic information.
- Emphasize the importance of academic success with potential new members.

Recruitment

We envision recruitment based on quality while maintaining retention through involvement.

We envision leadership learning opportunities that complement and enhance the student experience, that challenge and develop students and their organizations.

We envision chapters that responsibly self-manage the chapter fiscal operations, while receiving guidance and support from advisers and the university where necessary.
