## State of Ohio Law Against Hazing

As used in this section, "hazing" means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. No person shall recklessly participate in the hazing of another. The negligence or consent of the plaintiff or any assumption of the risk by the plaintiff is not a defense to an action brought pursuant to this section. No administrator, employee, or faculty member of any primary, secondary, or post-secondary school or of any other educational institution, public or private, shall recklessly permit the hazing of any person.

Both individuals and organizations can be held liable and prosecuted through the court of law for breaking this policy.

### **OSU Student Code of Conduct's Policy Against Hazing Activities**

Hazing: Doing, requiring or encouraging any act, whether or not the act is voluntarily agreed upon, in conjunction with initiation or continued membership or participation in any group, that causes or creates a substantial risk of causing mental or physical harm or humiliation. Such acts may include, but are not limited to, use of alcohol, creation of excessive fatigue, and paddling, punching or kicking in any form.

Both individuals and chapters at Ohio State can be held responsible, sanctioned, and even dismissed from the institution for breaking this policy.

If you suspect that a chapter is participating in hazing behaviors, please call 614-292-8763 to report any questionable activities.
